Speak To the World  
With your life  
Live it out loud  
It's alright

Speak to the world  
With your life  
Live it out loud  
It's alright

You ought to  
You need to  
You got to  
You have to

You ought to  
You need to  
You got to  
You must...

Speak To the World  
With your life  
Live it out loud  
It's alright

Speak To the World  
With your life  
Live it out loud  
It's alright

If you have a dream...stand up  
If you don't want to apologize for the way you live your life...stand up  
If you're tired of being judged...stand up  
If you're tired of being tired...stand up  
If you're not afraid to claim your faith...stand up (then you must)

Speak To the World  
With your life  
Live it out loud  
It's alright
