Written by Temika Moore (ASCAP)/Published by Pink Panna Music Publishing (ASCAP)

Verse:

Got a feeling you're just a test
You're on the prowl for a conquest
Sure know how to turn on the charm
I'm not enamored all I feel is alarm

Chorus:

I can't take it away
I can't take it away
All the things you're running from
(Just know)
I can't take it away
I can't take it away
No

Verse:

I see your strategy
You beguile with imagery
Let me stop you before you start
Been here before and I know my part
You'll compartmentalize
Here on out will be a lie
You escape pain with fantasy
You'll pretend to be all I need

Chorus:

(Just know)
I can't take it away
I can't take it away
All the pain you're running from
I can't take it away
I can't take it away
No

(Just know)

I can't take it away
I can't take it away
All the things you're running from
I can't take it away
No

Verse:

There's something you must have missed
Don't do crumbs I'm no mistress
Can't let you steal my life
While you lie to me and lie to your wife
See the Word is clear
Got your warning so please adhere
Go home to your family repent
I'll disregard this as nonsense

Chorus:

(Just know)
I can't take it away
I can't take it away
All the things you're running from
I can't take it away
I can't take it away
No

(Just know)
I can't take it away
I can't take it away
All the pain you're running from
I can't take it away
No

Bridge:

Only he can make you whole again
But you must be honest not pretend
Living two lives this has got to end
All I can offer you is Him

Chorus:

(Just know)
I can't take it away
I can't take it away
All the things you're running from

I can't take it away
I can't take it away
No

(Just know)
I can't take it away
I can't take it away
All the pain you're running from
I can't take it away
No
