Verse:

There's a fire in this thing  
The kind of light  
Only you can bring  
I'm like a particle escapin'  
And your lights'  
The only form I'm taking

Pre-Chorus:

Meeting you is so empowerin'  
Your world, my life convergin'  
I'm finding

Chorus (2x):

You light fireworks  
In my heart  
Your love for me  
Is the spark

Verse

I believe I'm catching feelins'  
'Cause of things you're revealin'  
I see this message from above  
That I'm the object of your love

Pre-Chorus:

Meeting you is so empowerin'  
Your world, my life convergin'  
I'm finding

Chorus (2x):

You light fireworks  
In my heart

Your love for me  
Is the spark

Not used to feelin' this  
If I didn't tell you I'd be remiss  
You've given insight and wisdom  
Problems of my past were just the symptom

Pre-Chorus:

Meeting you is so empowerin'  
Your world, my life convergin'  
I'm finding

You light fireworks  
In my heart  
Your love for me  
Is the spark

Your love is bright  
Your love has changed my life
