Verse:

How do I begin
To uncover where I've been?
How do I soften
So I can let you in?
Please tell me

Chorus:

How, How, How
Please show me
How, How, How
Please tell me
How, How, How
How do I let you in?

Verse:

A skeptic in everything
Not good at believing
I'm here I'm listening
Cautious, but willing
Please tell me

Chorus:

How, How, How
Please show me
How, How, How
Please tell me
How, How, How
How do I have faith?

Verse:

Is it unbelief?
Or the way I perceive?
At times I've been naïve

So I filter what I receive

Chorus:

How, How, How
Please tell me
How, How, How
Please show me
How, How, How
How do I believe?

Piano Interlude

Verse:

All of the unknowns
Are more than I care to own
It makes it hard to heed
Your word to not worry
Please tell me

Chorus:

How, How, How
Please show me
How, How, How
Please tell me
How, How, How
How do I not worry?

Verse:

If I'm all in
Make your words my mission
Follow you, your vision
Will you do what you've written?
Please tell me

Chorus:

How, How, How
Please show me
How, How, How
Please tell me
How, How, How
How do I trust?

Bridge

I've read the words you've spoken
It's more than a notion
I'll admit, I've got mixed emotions
But I'm open

Show me

Chorus:

How, How, How
Please tell me
How, How, How
Please show me
How, How, How
How do I begin?
