

That's Enough (Temika Moore ©2010 Pink Panna Music Publishing ASCAP)

Verse 1

Didn't have much
But you managed to provide
You didn't say much
But in you I'd confide

Seldom you'd smile
But I saw you cry
Too young back then
To know why

Pre-chorus

I know it was tough
While you carried the load for us, just know

Chorus:

If you did your best, (that's enough, that's enough, that's enough)
And gave nothing more, nothing less (that's enough, that's enough)
If you gave your heart (that's enough, that's enough, that's enough)
It's time you take a bow
I'm all grown up now

Verse 2

So many days
You'd seem worn out
Working two jobs
You're a soldier, no doubt

Gave up so much
So I could be more
Now it's your turn
Live the dream you ignored

I'm behind you all the way
Don't worry, I'm okay, just know

Chorus:

If you did your best, (that's enough, that's enough, that's enough)
And gave nothing more, nothing less (that's enough, that's enough)
If you gave your heart (that's enough, that's enough, that's enough)
It's time you take a bow
I'm all grown up now

Repeat chorus

Vamp:

If you gave your best
Nothing more nothing less
Ooh that's enough
